Summary of 11/10/05 Telephone Interview

On November 10, 2005, the undersigned contacted Examiner Lewis via telephone to verify the entry of Applicants' Amendment/Response After Final (previously filed May 24, 2005) and to discuss the currently pending claims in view of that Amendment/Response. During that telephone conversation, Examiner Lewis informed Applicant's representative that independent claims 11 and 19 would be allowed if Applicants filed a Terminal Disclaimer, and that independent claim 27 would be allowable if amended to include "speed" as the motion characteristic. Pursuant to that discussion, independent claim 27 was amended to include this feature and dependent claim 29, which recited this feature, was canceled.

In view of Applicants' foregoing remarks, it is believed that the application is in condition for allowance. Favorable consideration and allowance of this application are respectfully solicited. If any small matter remains outstanding, the Examiner is encouraged to telephone Applicants' representative at the telephone number listed below or on the following page.

Respectfully submitted,

NIXON & VANDERHYE P.C.
